

# How Well Does The Bride Know Her Groom?

This game is a test to the Bride on how well she knows her Groom! Before the party the hens party organiser / chief bridesmaid should contact the groom for answers to a list of questions. If Grandma isn't there you can add some saucy questions into the mix!

If the Bride answers a question wrong she has to do a shot. Another idea is to record the Groom answering the same questions prior to the party and show the video after the Bride has answered the questions.
